Benzyl Nicotinate 2 mg/g

Read this Patient Information carefully before using this ointment. This leaflet does not replace professional medical advice. Always consult your doctor or pharmacist for advice specific to your condition.

What is this Ointment used for?

This ointment is specially formulated for:

Relief of pain, inflammation, and swelling caused by conditions such as:

- Superficial thrombophlebitis (inflammation of veins)
- Bruises, sprains, or contusions
- Muscle strains and sports injuries
- Improving blood circulation in the applied area.
- Reducing the risk of clot formation in superficial tissues.

Product Category:

- Topical Anti-inflammatory / Anticoagulant

Who can use this Ointment?

Suitable for:

- Adults and children over 12 years of age, as prescribed.
- Use with caution or consult a healthcare provider:
- In children under 12 years
- If you are pregnant or breastfeeding
- If you have bleeding disorders or are on anticoagulant therapy

Who should not use this Ointment?

Do not use this if you:

- If you are allergic to heparin, benzyl nicotinate, or any other ingredients in the formulation.
- On open wounds, mucous membranes, or infected skin.
- With tight bandages over large skin areas.

What should I tell my doctor before use?

Inform your healthcare provider if you:

- Are using blood-thinning medications (e.g., warfarin, aspirin)
- Have a bleeding disorder or skin condition
- Are pregnant, planning pregnancy, or breastfeeding

How should I use this Ointment?

Use this Ointment exactly as your healthcare provider tells you.

- Apply a thin layer to the affected area 2–3 times daily, or as directed.
- Gently massage into the skin for better absorption.
- Wash hands thoroughly after use unless hands are being treated.

What are the possible side effects?

Common side effects include:

- Mild redness or warmth at the site of application
- Slight tingling or irritation

Rare but serious side effects include:

- Allergic reactions (rash, itching, swelling)
- Skin irritation or contact dermatitis

- Discontinue use and consult a doctor if symptoms persist or worsen.

How should I store this Ointment?

- Store at room temperature (20°C–25°C)
- Do not freeze
- Keep out of reach of children
- Close the tube cap tightly after use

General safety information:

- For external use only
- Do not ingest
- Avoid contact with eyes, mucous membranes, and open wounds
- Do not share this medication with others
- Use only for the indications listed, unless advised otherwise
